This isn't wasting. You're paying for the figure. The details, the articulation and the licensing.

If you want to jimat, don't buy your Transformers lah. In July again inflation. Guarenteed next year everything will be expensive. So don't buy your toys. Jimat, don't go out cause save petrol. Stay at home and go to the require locations only. Like school and home.

kene betol2 committed la. yg tf aku stop dulu coz senang nak dpt len kali. yg hot toys ni mmg cepat lenyap org sapu so x de pilihan len la. aku dah pre-order suma dah including batpod and batmobile so skarang pokai :(

yang batman tuh aku x pasti for new suit. aku tanya XL ari2 diorg ckp yg old suit x ramai org order coz ramai dah ada takara version so leh la ko order. yg new suit tu ko tanya la diorg, maybe leh lagi kot. lagi cepat order lagi gerenti ko dpt figure tuh. lagi lambat order chance nak dpt lagi susah..

aku plan nak tunggu takara ver gak mula2. tapi takut suit die mcm yg begins punya. rubber suit die tooooo stiff, nak kangkangkan die pun x leh. dah la magnet pd habuk. nanti kalo tunggu pas2 hot toys ver abis, pas2 takara lak x produce tetibe. dua2 aku rugi. x nak la amik chance tuh.. bek beli je :)

Re:Medicom RAH/Hot toys/Takara 12 inch figure thr

Posted by omega_prime - 2008/07/22 12:23

like i said. i can wait.. kalau pon takara DK ver keluar next year pon i dont care ...

i lebih prefer body proportion rather dan face sculpt

tu la. rubber suit.. memang tak leh pose banyak... HT ver i pon kinda doubt ..jugak.. i mean d ruber ..

kalau naikkan into d batpod.. brapa lama rubber tu leh tahan.. tak koyak 1 if displayed naik batpod for like.. a month? XD

Re:Medicom RAH/Hot toys/Takara 12 inch figure thread

Posted by razmanshah - 2008/07/22 12:28

nanti bile aku dpt itu hot toys ver aku gitau ko arya regarding the suit, riso gak ni kalo x leh nak kangkangkan die maybe I just display batman tuh sebelah batpod. we'll see..

cepat a sampai m'sia. aku dah x tahan dah ni. want my joker/batman ni :(

Think this one is from a comic called Assassin/Killer 13 (something like that). Looks great imo! Gotta love the briefcase + sniper rifle.

The Spirit and Octopus from "The Spirit". I have no interest in these at all. I've never read the comic though so many that's why (not interested in the movie either).
